Here at Izabelle Hammon, we pride ourselves on offering professionals long-lasting, high quality nail colour systems. We currently offer two colour gel systems supported with matching gel effect lacquers.

The laquers can be used for professional treatments or retailed to your clients for colour top ups between treatments or temporary colour change over their gel colour.

All colours in the colour chart are available in CALGEL, with selected colours available in matching nail lacquer or in iZ PRO Colour our LED gel sytem.
